Support pilots

7 Steps of Self-Directed Support

1 Self-Assessment

2 Plan Support

3 Agree the Plan

4 Manage IB

5 Organise Support

6 Live Life

7 Review & Learn

Moving from:

- Professional assessments
- The offer of a service
- Care plans
- Control staying with professionals
- Professionally commissioned services
- Task based plans

Moving to:

- Self- Assessment
- An up front allocation
- Person centred support plan
- Control shifting to the person
- Personally commissioned services
- Outcomes based plans

Personal health budgets

- Over half the primary care trusts in England applied to participate in the personal health budgets pilot programme. Sixty three sites were given provisional pilot status.
- Twenty of these pilot sites have been selected for an in-depth study.
- The pilot programme will run until 2012, and interim evaluation reports will be issued at regular intervals.
