

# It's your plan, tell us how it's working

## Do you have an Education Health and Care plan or have you been involved in one?

We need your help to find out how Education, Health and Care Plans (EHCP) are working for children, young people and families in Somerset. We are working with **In Control** using POET (Personal Outcomes Evaluation Tool) questionnaires.

There are three different questionnaires, so please select the one most appropriate for you:

- Young People  
[POET Survey 2017 for children and young people](#)
- Parent carers  
[POET Survey 2017 for parents of children and young people](#)
- Practitioners (workers)  
[POET Survey 2017 for practitioners working with children and young people who have an Education, Health and Care Plan](#)

For a paper copy, send your name and postal address to [SENDreforms@somerset.gov.uk](mailto:SENDreforms@somerset.gov.uk) and we will send one in the post with a freepost return envelope.

If you think you may struggle to complete the questionnaire yourself, please feel free to ask somebody you know to help you.

**To find out more, visit [Local Offer- POET](#)**

You have until July 2017 to complete a questionnaire, but the sooner you can complete it the better.

A national report with the results will be published in autumn 2017. We will then share the results and keep you updated on what we plan to do as a result of the findings. We will also be able to see how we are doing compared to other areas of the country.

If you would like to know more about the work of **In Control** or see previous POET reports, you can visit their website at [www.in-control.org.uk](http://www.in-control.org.uk) or phone them on 01564 821650.

This is a very important piece of work so we really appreciate your time in helping us to gather more information.

Thank you to everyone who responded to last year's survey. If you would like to know more about what we learned and what have done as a result, there is a report on our Local Offer website at [POET Report 2015](#).
